About Brightpoint

We started our journey as Children's Home & Aid and have been serving Illinois since 1883. Children's Home & Aid was founded

on the belief that we had a responsibility to make brave choices to find homes for children. We evolved and recognized that bravery comes from the daily choices our families make and that bravery serves as the spark that ignites opportunities for children and youth to thrive.

At Brightpoint, we put families and children at the forefront of every decision we make. We know prevention works, and we are committed to working with families before small problems become life-altering crises.
