**SWING INTO ACTION
DRIVE TO END FOSTER CARE**

DRIVE TO END FOSTER CARE ON OCTOBER 2, 2023

There are **20,652** children in foster care in Illinois.

As one of the state's largest foster care providers, Brightpoint (formerly known as Children's Home & Aid) is caring for more than 1,000 of these children and their families. More than 80% of the children enter foster care due to neglect caused by poverty, mental health issues and substance abuse disorder. We can fix those things. Foster care traumatizes children, destroys families, and is steeped in systemic and racial inequality.

By addressing the root causes that cause families to become unstable in the first place, we can PREVENT the trauma that occurs when children are removed from the only family and home they know.
